We are a major petroleum transportation, storage and natural gas liquids extraction business that ranks among the largest energy infrastructure companies in Canada. Inter Pipeline is proud to be on Alberta Venture's *Venture 250* list of the highest grossing companies in Alberta. For more information about us and our positions, please visit our website at www.interpipeline.com.

We are constantly seeking high-calibre people who bring excellence, talent and enthusiasm to our growing operations. We offer a dynamic work environment that fosters an entrepreneurial spirit and encourages our employees to grow their skills and expertise.

OPERATIONS TECHNICIAN

Located out of our Conklin office, the individual in the Operations Technician role will report to the Supervisor, Pipeline Field Operations.

The Operations Technician will work a seven day on and seven day off rotation. This is a remote location position and while on shift the Operations Technician will be housed in a commercial camp located in the Conklin area. The candidate will be required to live within 350km of Conklin such as Edmonton, Cold Lake or Fort McMurray.

Key Activities and Responsibilities:

- Responsible for the safe, accurate and efficient movement of petroleum products within the crude oil pipeline system
- Perform operational tasks such as equipment integrity checks, product quality control verification and measurement accuracy with month-end cutoff and custody transfer ticketing
- Conduct regular site visits to maintain assets in a safe, reliable operating condition, and maintain good housekeeping
- Ensure compliance with all regulatory standards, policies and procedures
- Responsible for weekly and monthly compliance checks
- Accountable for monthly measurement (meter proving, month-end reporting)
- Participate in facility audits and inspections
- Execute assigned projects to plan (budget, quality and schedule)
- Ensure Inter Pipeline's pigging practices and schedules are followed
- Participate in the district on-call rotation as assigned

Education, Skills and Experience:

- Minimum Grade 12 diploma
- Preference will be given to candidates with related liquids pipeline field operations experience
- Must possess and maintain a valid class 5 drivers license
- Current H2S Alive, TDG and First Aid certification are also an asset

As this position is identified as safety and security sensitive, employment of a final candidate will be conditional upon completion of pre-employment medical, drug/alcohol and criminal background check assessments with satisfactory results.

If you are interested in this position please e-mail a cover letter and resume to careers@interpipeline.com.
